

# Scottsdale Homeschoolers Science Fair Application

## **Project Information:**

Please ensure that you provide complete and thoughtful responses to each question. Incomplete or careless answers may affect your eligibility to participate in the Science Fair.

Please review [AzSEF Qualifications](#) and all the linked documents CAREFULLY before finalizing your project selection. Certain projects may need approval from the Scientific Review Board and additional forms will be necessary to obtain such approval.

Failure to comply with Regeneron ISEF Rules & Guidelines will result in disqualification at AzSEF.

## **Why Did You Pick This Project?**

**Scientific Question/Problem You're Investigating (Example: "Does water temperature affect how fast sugar dissolves?"):**

**Hypothesis/Prediction:**

**Brief Summary of Your Project (2–3 sentences):**

**Project Category (For details on each category, see this [document](#)):**

## **Scientific Method / Engineering Design**

**Independent Variable (what you change):**

**Dependent Variable (what you measure):**

**Control Variables (what you keep the same):**

**Planned Materials/Equipment:**

**Planned Procedure/Steps (outline at least 4–5 steps):**

**How will you record and analyze your data? (tables, graphs, averages, etc.):**

## **Timeline & Commitment**

**Estimated timeline for your project (proposal, experimentation, data analysis, final board prep):**
